

14 May 1955

Dear Leon:

I found your letter of 6 May most interesting and have sent copies to several of our people here. I should like to have a chance to talk with you sometime within the next couple of weeks if it is convenient for you. You might give me a call.

Meanwhile, I have to make a speech at the Columbia Commencement and I expect to say something about education in the Soviet Union. If you have any particular thoughts on the subject, reminiscent or the like, I should be most interested to have them sometime within the next week.

Sincerely,

SIGNED
